

START STERK

TEAM

presents

Bouncy Year

```
>. Terminalscreensaver_
```

This team totally worked. We had

99%

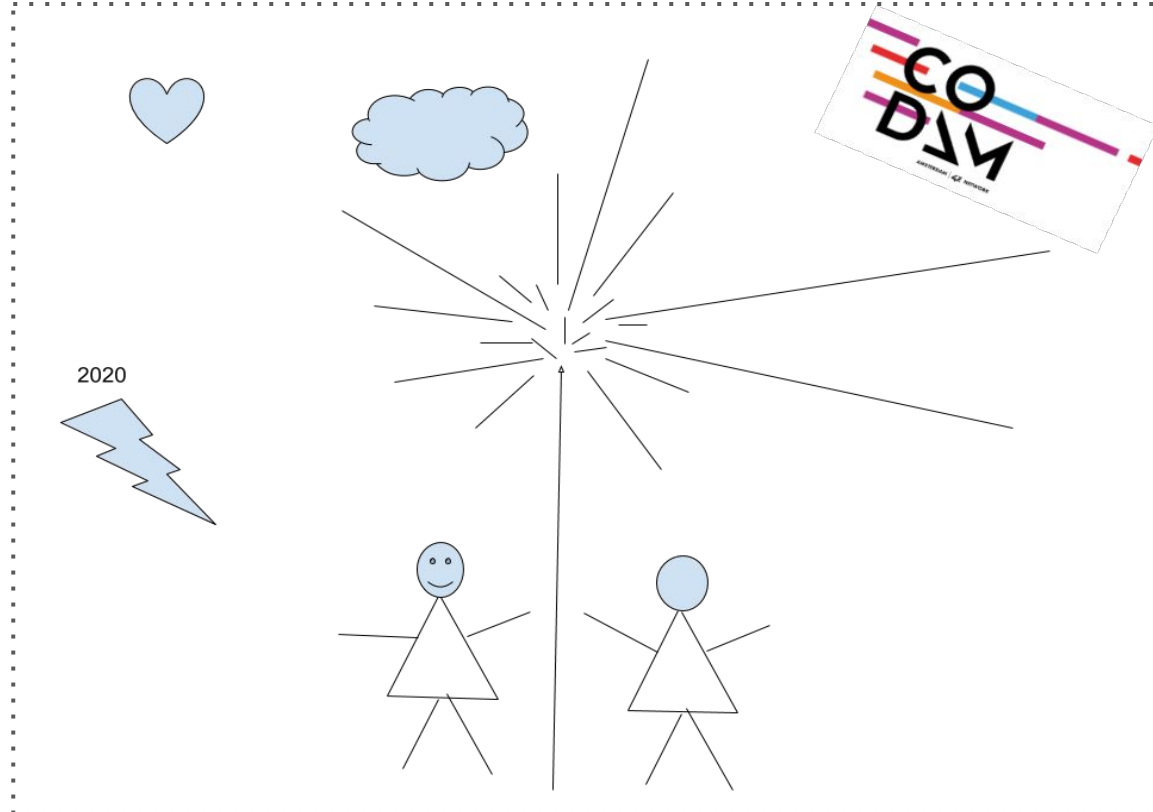

FUN

1% sleep

HOW WE GOT TO OUR IDEA:

Vision Board:

HOW WE WORKED TOGETHER:

Swenne and Naomi working remotely:

I have this feeling we can pull it off
with something so amazingly simple

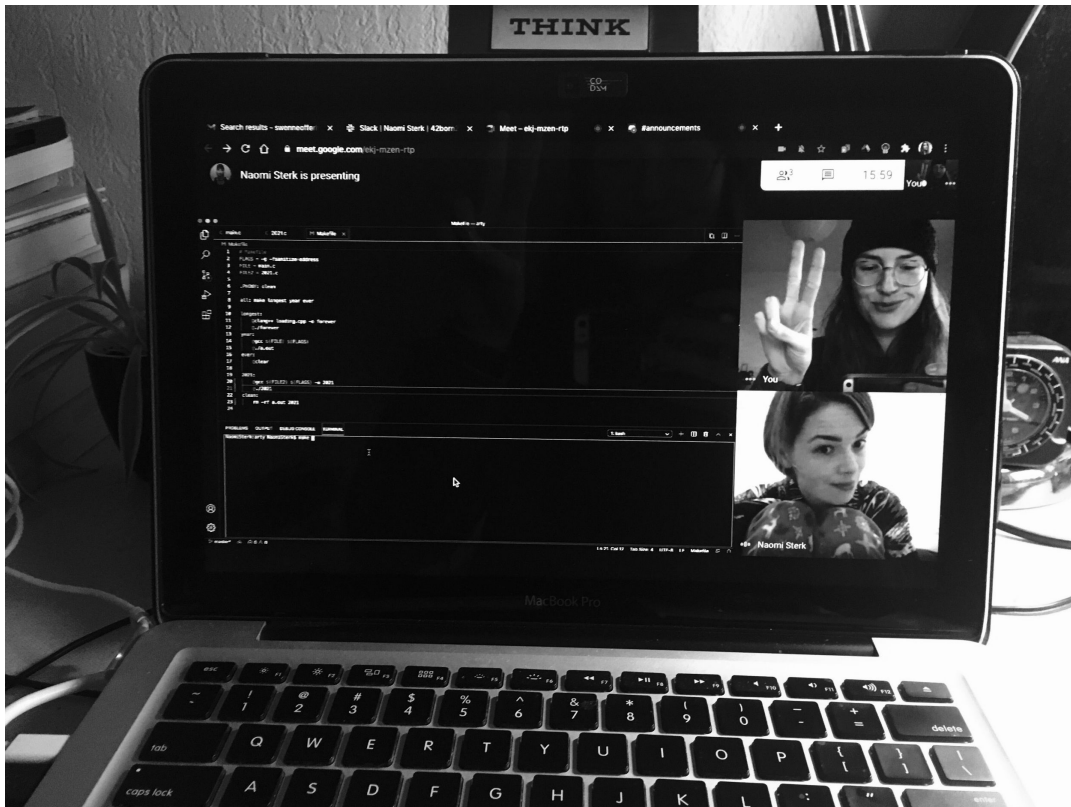

For real, THIS IS ART,
A nostalgic abstract
momentum

HOW OUR IDEA CAME INTO BEING:

ACTUALLY WORKING.

Night/Morning persons
(divided workload)

C Language

- + a Makefile
- + Tiny cpp upgrade

STAY SAFE EVERYONE
